

CV LIESBETH WILLAERT

Liesbeth Willaert is a Belgian contemporary artist, known for her very colorful, bold and fluorescent, "sunkissed" paintings in acrylic. Her works reveal, inspire and connect this "Joy of Life" with every audience. Her unique style is due to the specific tension, or - a dance as she calls it - between between organic and geometric shapes.

Liesbeth is an internationally selling artist and has exposed in New York, Paris, London, Monaco, Barcelona, Madrid and Belgium.
